Program Overview

The United States relies on trained, ethical and committed Criminal Justice professionals to ensure appropriate enforcement of the laws governing our society and to protect the Constitutional rights and civil liberties of citizens. Today's Criminal Justice professionals deal with difficult issues of public policy and tough questions of justice in the face of new concerns such as terrorism. Among the many challenges faced by Criminal Justice professionals are ensuring safer communities through crime prevention and law enforcement, providing for the punishment, treatment and reintegration of offenders, reforming juvenile offenders, providing services to crime victims, and developing effective criminal justice policy.

Ohio Dominican University's Criminal Justice major provides comprehensive coverage of the criminal justice system including law enforcement, courts and corrections. Civil rights and civil liberties are discussed from both historical and contemporary perspectives. The impact of public policy and law on criminal justice and society are also examined.

Criminal Justice graduates find rewarding careers in all sectors of the criminal justice system including law enforcement, institutional and community based corrections, juvenile justice, social service agencies, and private sector security. Graduates may also pursue advanced degrees in criminal justice, public policy and administration, and law.

TOTAL 126.00 0.00

Thank you for requesting support from the U.S. Coast Guard Institute (CGI). Whereas we serve as an activity in support of your unit Educational Services Officer (ESO), you are encouraged to seek assistance from your local ESO in your academic endeavors. The following information is provided to help you understand what is presented in this degree plan:

This document is an UNOFFICIAL Degree Plan to provide you with a preliminary assessment of how your prior learning experiences might fit into the specified degree program for this academic institution. If you choose to pursue this degree option, you must present it to a college representative, who will review it for the following:

- o Accurate representation of the college's degree program requirements, including course numbers and titles, credit hours for each course, lower- and upper-level course requirements, and the total number of credits needed for the degree.
- o Appropriate assignment of ACE Guide-recommended credit at the lower or upper level for military service schools and occupations, CLEP, DSST, and other tests, transfer credit for courses from other colleges and universities, certification programs, etc.
- o Appropriate assignment of SOC Course Category Codes from the SOC Handbook Transferability Tables. The SOC Degree Program Handbooks can be obtained from the SOC web site at: www.soc.aascu.org should you wish to learn more about the course transfer guarantees among SOC network institutions.

IMPORTANT NOTE: When you are ready to seek admission into this degree program, please contact the USCG Institute at 1-405-954-7241. Your advisor will send the college or university an official U.S. Coast Guard Institute transcript, a copy of the degree plan, and a ready-for-signature SOC Student Agreement which, when signed by a college official, becomes a contract for degree completion committing the college or university to supporting you in your academic endeavors.

Credit for all courses you have taken must be reflected on official transcripts sent directly to this college from the administrative offices of the colleges you previously attended. This degree plan is often used for information purposes by college counselors pending receipt of the official transcripts from the source colleges.

This degree plan is not intended to compete with your local college or university. Keep in mind, you are allowed to transfer in a significant amount of the degree requirements to this institution. As such, credit from local colleges, college level examination programs, or advanced military training may be applied to this degree. You may also complete the courses necessary from this college either in residence (on campus or possibly on a military base at a campus extension in the Education Center) or through distance delivery of the courses. If you have questions, please contact the college counselor or your advisor listed at the bottom of this Degree Plan.

DEGREE PLAN LEGEND:

SH = Semester hours
VOC = Vocational, not relative to an academic degree
LL = Lower Level, i.e. courses at the Freshman/Sophomore level
UL = Upper Level, i.e. courses at the Junior/Senior level
GL = Graduate Level (sometimes recommended by ACE for very complex courses)
[#] such as [EN024A] or [EN024B] = SOC Course Category Codes*
{#} such as {DANTES Code = 01.02.03} = DANTES Academic Codes **

* SOC Course Category Codes: Service members Opportunity Colleges (SOC) is a consortium of over 1,600 accredited colleges and universities seeking to provide degree opportunities to the military. Over 170 of these institutions participate in network degree programs developed for the Army, Navy, Marine Corps, and Coast Guard. A SOC course category number beside a course from one of these institutions, such as [EN024A] or [EN024B] for English Composition, indicates that courses from other degree program institutions with the same code may be taken to satisfy the degree requirement. See the SOC Degree Programs Handbooks at <http://www.soc.aascu.org/>

** DANTES Academic Codes: The Defense Activity for Non-Traditional Education Support (DANTES) publishes the DANTES Independent Study Catalog (DISC) annually, which lists more than 6,000 courses from dozens of regionally accredited colleges and universities. Because this is a degree from a SOC affiliated college, the academic residency requirements are limited, thereby allowing students to transfer in a significant portion of the degree, as mentioned above. If the course you desire to take is not offered by this institution when you want to take it, consider the opportunities the courses in the DISC present. For more information, visit http://www.dantes.doded.mil/dantes_web/distancelearning/disc/front/cont.htm Keep in mind, you should always check with the counselor or academic advisor at this institution before enrolling in a course listed in the DISC to ensure it will be accepted in transfer toward this degree.

Information supplied by Ohio Dominican University:

As a Dominican and Catholic university, we recognize that we live in a diverse culture of sometimes conflicting perspectives. However, at the root of each culture are values that cut across that diversity and unite us. Ideally, formal education provides a foundation for the development of future leaders who are able to recognize this essential truth. Effective leadership identifies the core issues or obstacles and then develops moral, ethical, and responsible strategies for successfully leveraging resources, experience, and/or technology to achieve the mission.

You can buy a degree or you can earn a degree. Only one has real value. In twenty years, when graduates look at their diploma hanging on the wall, we want the experience at Ohio Dominican to be something of value - not something they simply completed. The bottom line is we will provide students an education with life and career value - not simply a head full of knowledge. As you look over Ohio Dominican University's programs you will find we have extensive experience providing tools that allow adult learners to successfully complete their education.

Retention and completion of students matter: if someone leaves before completing

their degree our university has failed in its mission, our student has failed in their ambition, and the society has lost the opportunity to develop a more well-informed and thoughtful citizenry.

As an institution we provide:

- " Completely on-line, accredited, distance learning programs
- " On-site and branch campus degree program delivery
- " Adult learning audiences
- " Cohort-based degree program delivery
- " Accelerated degree program delivery
- " Offering distance learning students such as academic advising, degree planning, career guidance and financial aid counseling

Military Personnel and the Servicemembers Opportunity Colleges

As a member of the Servicemembers Opportunity College (SOC) Consortium, we provide educational programs to military personal, military dependents and contractors. We are also a member of the SOC Network, making us a preferred educational vendor for the US Coast Guard (one of only three universities in Ohio) and the National Guard (one of only three). Through the military's Tuition Assistance Program you attend our online program virtually free of charge.

Educational Partners

As an experienced institution committed to learning we recognize that not everyone starts college in the same place. Educational backgrounds are as varied as the reasons for returning to school. Every student has their own unique experiences with college. As such we have developed several articulation agreements with community colleges that allow their students and graduates to enter our online classrooms as a junior and complete there degree.

Graduates and students from these colleges receive priority admissions consideration:

- " Columbus State Community College, Columbus OH
- " Cuyahoga Community College, Cleveland OH
- " Fayetteville Technical Community College, Fayetteville NC
- " Sinclair Community College, Dayton OH
- " Rio Salado Community College, Tempe AZ
- " Central Ohio Technical College, Newark OH

We are actively seeking new partnerships with colleges so be sure to ask if your school is included.

Getting Started

Below you will find a list of steps that you need to complete to reach your goal. Each of these actions will move you one step closer towards your goal of earning additional education and training. You will find this Tasklist provides a step-by-step outline of what needs to be done to get you started. Ideally, it will take approximately 30-45 days from the day you inquire to complete your enrollment package.

The job of your ESO and Ohio Dominican University's SOC Representative is to be a coach and a cheerleader. Like a coach, we can lay out the plan of execution but it is up to you to take the action. We can encourage and cheer you along but your ultimate success is a result of your commitment to your educational ambition and willingness to make it happen.
